### **DETAILED ACTION**

1. Claims 6, 8-11 and 17-21 have been examined. Applicant in the after final amendment filed on December 12, 2004 amended claims 6 and 8-11, canceled claims 3, 4, 7 and 16, and added new claim 21.

#### ***Allowable Subject Matter***

2. Claims 6, 8-11 and 17-21 are allowed.

3. The following is an examiner's statement of reasons for allowance: the independent claims of the instant application are drawn to a method for producing and authenticating a printed test certificate. The closest prior art Walker U.S. Patent No. 5,828,751 in view of Schneier Applied Cryptography teach in combination a similar invention; however, neither Walker nor Schneier teach or disclose pre-printed information included on a blank test certificate (claim 17, step b; claim 20; step e), wherein test information and authentication code is printed on the blank test certificate (claim 17, step d; claim 20, step h). These limitations patentably distinguish the instant claimed invention from the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
